Dear Mr Kent

Revised National Capital Plan

Thank you for your letter dated 3 February 2016 concerning the consultation process undertaken by the National Capital Authority in relation to the revised National Capital Plan and your suggestion that the Joint Standing Committee on the National Capital and External Territories consider the revised Plan. I am sorry it has taken me so long to respond.

The revised Plan is a significant achievement in clarifying the respective roles of the Australian and Australian Capital Territory governments in the planning and design of the national capital. The Committee has been consulted throughout the drafting of the revised Plan, including at key points during the public consultation process.

Following formal approval of the revised Plan, Committee members will have a further opportunity for consultation when the Plan is tabled for Parliamentary scrutiny. I will also forward the Plan directly to the Committee for its consideration.

I hope the information in this letter is of some help.

Yours sincerely

Paul Fletcher
