

TRAFFIC ARRANGEMENTS FOR MANUKA OVAL MAJOR EVENTS IN 2015/2016

Alternative traffic arrangements have been established for the areas surrounding Manuka Oval to reduce traffic congestion and problems associated with the influx of spectators during major events.

These arrangements have been developed in conjunction with Territory Venues and Events, ACT Police and Territory and Municipal Services Directorate (Roads ACT).

Modified traffic arrangements will be implemented on Manuka Circle and Fitzroy Street in Griffith on major event days – some delays should be expected.

Pre-event and event traffic arrangements will start two hours before the start of an event:

- ❶ The west side of Manuka Circle between New South Wales Crescent and Canberra Avenue will close to traffic (local traffic accepted, see point 3).
- ❷ Fitzroy Street will close to traffic between Fitzroy Street and Empire Circuit intersection (local traffic accepted, see point 3).
- ❸ Local residents will continue to have access to Fitzroy Street and Manuka Circuit via the road closure at the Fitzroy Street and Empire Circuit intersection. There will be no access from Canberra Avenue.
- ❹ Oxley Street will close to all west-bound traffic between Giles Street and Manuka Circle. It will remain open to east-bound traffic from Manuka Circle.
- ❺ Periodic short-term closures of the left-hand east-bound lane of Canberra Avenue (no more than 45 minutes per closure).

Post-event traffic arrangements will commence at the end of an event:

1. All road closures will remain in place up to one hour after the completion of any major event.
2. Time related parking restrictions will be removed during major events and will be reinstated three hours after the events finish.

Event times can be found at www.manukaoval.com.au
